# Olde Vechte Foundation

EST. 1966

OMMEN, THE NETHERLANDS

# WELCOME

Olde Vechte Foundation has grown into a vibrant project hub, where people bring their own initiatives to life.

Projects are led by experienced facilitators, trainers, and mentors hired temporarily, as well as by current and former volunteers.

At Olde Vechte, we support everyone through the learning and implementation process.

# HISTORY

Olde Vechte Foundation has started as an initiative of a group of people, who in 1966 identified a great need for learning that is not provided by the established educational system.

Society keeps on changing over the years, becoming more and more intercultural.

Still, the need of an **“out of the school system”** education stays around.
